2019 – 2020

SYLLABUS

SYLLABUS AND ITS MODALITIES

The system of school-based assessment and evaluation is being put through change. The childhood years are somewhere lost in the school books. So the school management has decided to do away with the formal examination system, instead informal evaluation is being introduced based on the student's performance in Scholastic (Class) as well as Co-Scholastic activities.

Some homework will be given to the students, which will be communicated in the School Diary every day. The students will be evaluated on the basis of their day to day performance in class, homework, oral, aural and written work. The purpose behind this is to reduce the burden on the child and elevate levels of joy.

Learning experiences at school should pave the way for construction of relevant knowledge fostering creativity among students and becoming a source of joy and not stress. The syllabus aims at arousing curiosity and interest in children to share their ideas and experiences and relate these with the contents and themes taught in the classroom.

Apart from the Parent-Teacher Meetings, you are welcome to contact the Principal or Co-ordinators to discuss your child's performance on any working day between 0930 – 1030 hours. Remember, it is your cooperation and the dedication of the teacher that will make your ward a confident and successful person.

Encourage your child to read, watch good educative television programmes like *National Geographic*, *Discovery Channel*, *History Channel*, *Animal Planet*, *Travel and Living*. However, all television viewing should always be done under parental guidance and supervision. Finally, encourage your child to converse in English at home and with friends

~~~~~
